Step-4 Similarly we can create other devices as per requirement

The screenshot shows the 'Add New Device' modal form in the Finish Genius Pro dashboard. The form is titled 'Add New Device' and contains the following fields:

- Group:** A dropdown menu with 'Testing_15' selected.
- Device Name:** A text input field containing 'Testing_Dispense_Machine'.
- Description:** A text input field.
- Device Type:** A dropdown menu with 'Dispense Machine' selected.
- Network Bridge:** A dropdown menu with the text 'Please select a network bridge...'.
- Device IP Address [e.g http://192.168.1.1 or https://192.168.1.1]:** A text input field.

At the bottom right of the form are 'Save' and 'Cancel' buttons. The background shows the dashboard with a sidebar menu and a table with no data available.

The screenshot shows the 'Devices' table in the Finish Genius Pro dashboard. A green notification banner at the top says 'Device created.' The table has the following columns: #, Group, Device, Description, and Actions. There is one entry in the table:

#	Group	Device	Description	Actions
291	Testing_15	Testing_Network Bridge		Graphs Edit Delete

Below the table, it says 'Showing 1 to 1 of 1 entries'. The background shows the dashboard with a sidebar menu and a search bar.

3. Department Management

Here you can add department for particular group
