The screenshot displays the 'FINISH GENIUS' web application interface for 'Work Instructions'. The browser address bar shows 'https://dev.finishgenius.net/WorkInstructions/List'. The application header includes the 'FINISH GENIUS' logo, a search bar, and a '+ New Work Instruction' button. A sidebar on the left contains navigation links: Groups, Users, Photo Gallery, Equipment & Materials, Formulas, Process Steps, Process Schedules, Material Quantities, Pricing, and My Work. The main content area features a table with columns: #, Group, Name, Date/Time, Status, and Actions. The table lists 21 entries, with the first few visible as follows:

#	Group	Name	Date/Time	Status	Actions
101	Testing_15	Testing_Doc_01	9/17/2023 4:44 AM	DRAFT v1	[Icons]

Below the table, it states 'Showing 1 to 21 of 21 entries (filtered from 111 total entries)'. The footer of the application shows '© AWFJ 2023'. The browser's taskbar at the bottom indicates a temperature of 25°C, 'Mostly cloudy' weather, and the date '17-09-2023'.

Step 1 Click on New Work Instruction

The screenshot shows the 'Work Instructions' page in the Finish Genius PRO application. The page has a dark theme with an orange header. A sidebar on the left contains navigation links: Groups, Users, Photo Gallery, Equipment & Materials, Formulas, Process Steps, Process Schedules, Material Quantities, Pricing, and My Work. The main content area displays a table of work instructions. A search bar at the top of the table contains the text 'Testing_15'. A '+ New Work Instruction' button is located in the top right corner. A 'Snipping Tool' window is open over the bottom right of the table, displaying a message: 'Screenshot copied to clipboard and saved. Select here to mark up and share the image.'

Showing 1 to 21 of 21 entries (filtered from 111 total entries)

The screenshot shows the 'Add New Work Instruction Document' dialog box. The dialog has a title bar 'Add New Work Instruction Document' and a close button. It contains the following fields: 'Group' (a dropdown menu), 'Document #' (a text input field), 'Document Name' (a text input field), and 'Draft Status' (a text input field containing 'DRAFT v1'). At the bottom of the dialog are 'Save' and 'Cancel' buttons. The background shows the same 'Work Instructions' page as the first screenshot, but with a semi-transparent overlay.

Step-2 Enter the details and click on save

The screenshot shows the 'Add New Work Instruction Document' modal in the Finish Genius Pro application. The modal is open over the 'Work Instructions' list. The modal contains the following fields:

- Group:** Testing_15
- Document #:** 101
- Document Name:** Testing_Work_Instruction_Doc_1
- Draft Status:** DRAFT v1

Buttons: Save, Cancel

The background shows a table of work instructions with columns: #, Group, Name, Date/Time, Status, and Actions. The first two rows are highlighted.

#	Group	Name	Date/Time	Status	Actions
101	Testing_15	Testing_Work_Instruction_Doc_1	9/17/2023 4:59 AM	DRAFT v1	[Icons]
101	Testing_15	Testing_Doc_01	9/17/2023 4:44 AM	DRAFT v1	[Icons]

Step-3 Click on View

The screenshot shows the 'View' page for a specific work instruction document in the Finish Genius Pro application. The page displays the details of the selected document:

- Document #:** 101
- Group:** Testing_15
- Name:** Testing_Work_Instruction_Doc_1
- Date/Time:** 9/17/2023 4:59 AM
- Status:** DRAFT v1

The background shows a table of work instructions with columns: #, Group, Name, Date/Time, Status, and Actions. The first two rows are highlighted.
