

# Testing Steps for Dev Environment

## 4. Equipments and materials

1. Check all the groups visible in Dev environment

All the groups are visible in Dev Environment

The screenshot shows the 'Equipment & Materials List' page in the Finish Genius application. The page has a sidebar on the left with navigation links: Groups, Users, Photo Gallery, Equipment & Materials (highlighted), Formulas, Process Steps, Process Schedules, Material Quantities, and Pricing. The main content area features a search bar and a dropdown menu for selecting groups. The table below lists materials with their respective details.

| Product Name                          | Product # | lb/Gal | \$/Unit | Material Type | VOC | HAP | TAP | Total In On H |
|---------------------------------------|-----------|--------|---------|---------------|-----|-----|-----|---------------|
| Axalta Graintone Glaze Base           | VWS0912   | 8.56   | \$39.65 | Base          |     |     |     |               |
| 1.AWFI-CP™ Dept-Development Additives | 101064    | 8.34   | \$0.00  | Base          |     |     |     |               |
| 1.AWFI-CP™ Dept-Development Base      | 101063    | 8.53   | \$49.95 | Base          |     |     |     |               |

[illegible]

## 2. Checking and Comparing list of

- [Base Materials](#)
- [Pigments](#)
- [Dyes](#)
- [Equipment](#)
- [Sundry Items](#)
- [Reorder Materials](#)
- [Order History](#)
- [Vendors](#)
- [Reports](#)

For 2 Random Clients

1. Custom Products Inc. – All the entries are identical for above mentioned fields
2. J. B. Sash & Door – All the entries are identical for above mentioned fields
3. All other Clients info – Since information for 2 clients is same in dev and prod we are assuming information for all the clients is correct

Approach used – We will be checking first and last row for each category if they are identical we are assuming all entries are correct. Additionally we will be checking some random rows to ensure accuracy.

Suggestions for this approach are welcome.

We are attaching a sample screenshot for the approach used. We will not be attaching all the screenshots as of now

### 3. Testing Bulk Copy button

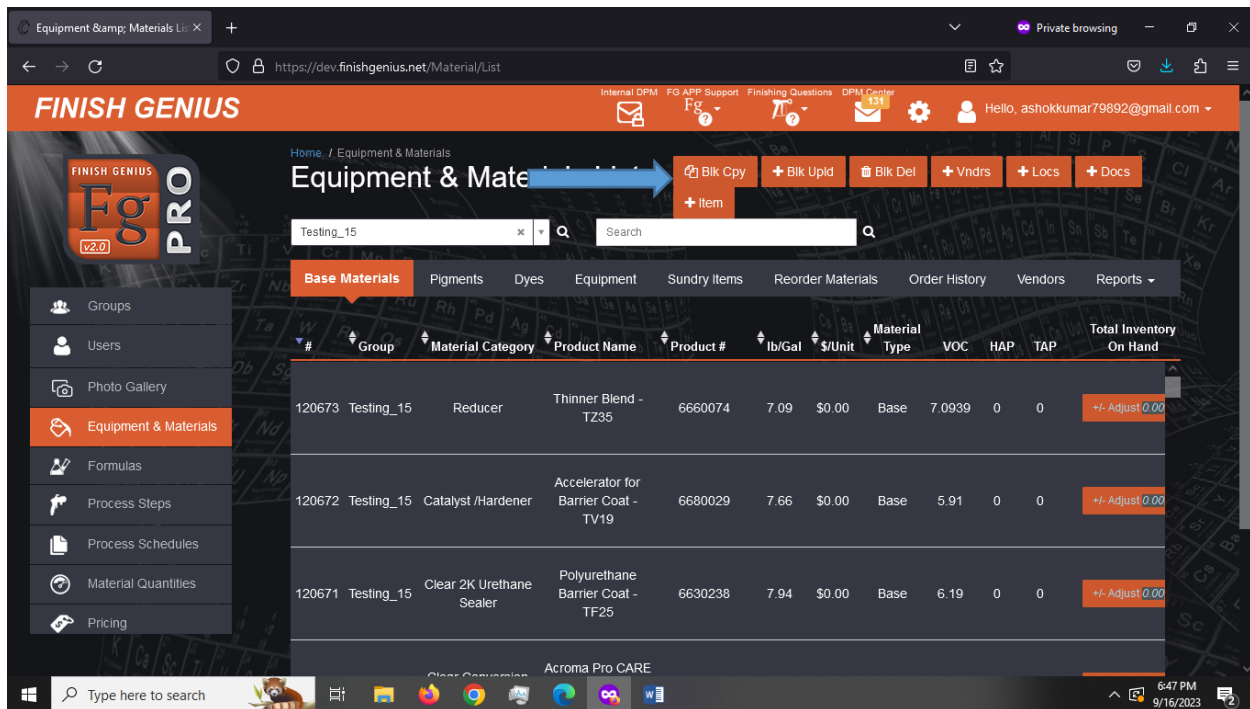

The screenshot displays the Finish Genius PRO web application interface. The top navigation bar includes the 'FINISH GENIUS' logo, a user profile, and various utility links. The main content area is titled 'Equipment & Materials List' and features a search bar and a table of materials. A blue arrow points to the 'Blk Cpy' button in the top right corner of the list area.

**Table Data:**

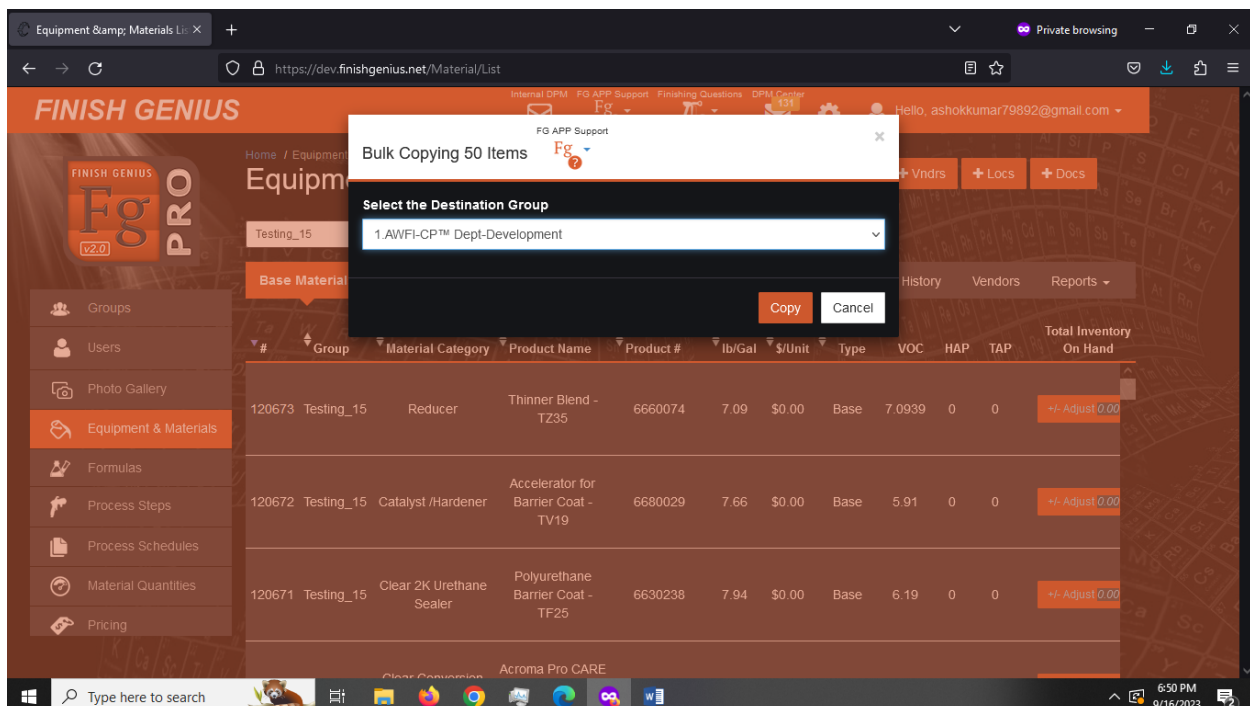

| #      | Group      | Material Category        | Product Name                        | Product # | Lb/Gal | \$/Unit | Material Type | VOC    | HAP | TAP | Total Inventory On Hand |
|--------|------------|--------------------------|-------------------------------------|-----------|--------|---------|---------------|--------|-----|-----|-------------------------|
| 120673 | Testing_15 | Reducer                  | Thinner Blend - TZ35                | 6660074   | 7.09   | \$0.00  | Base          | 7.0939 | 0   | 0   | +/- Adjust 0.00         |
| 120672 | Testing_15 | Catalyst /Hardener       | Accelerator for Barrier Coat - TV19 | 6680029   | 7.66   | \$0.00  | Base          | 5.91   | 0   | 0   | +/- Adjust 0.00         |
| 120671 | Testing_15 | Clear 2K Urethane Sealer | Polyurethane Barrier Coat - TF25    | 6630238   | 7.94   | \$0.00  | Base          | 6.19   | 0   | 0   | +/- Adjust 0.00         |

### 3.1 Bulk Copy **Base Material** List from Group Testing\_15 to Testing\_17(Newly Created empty group)

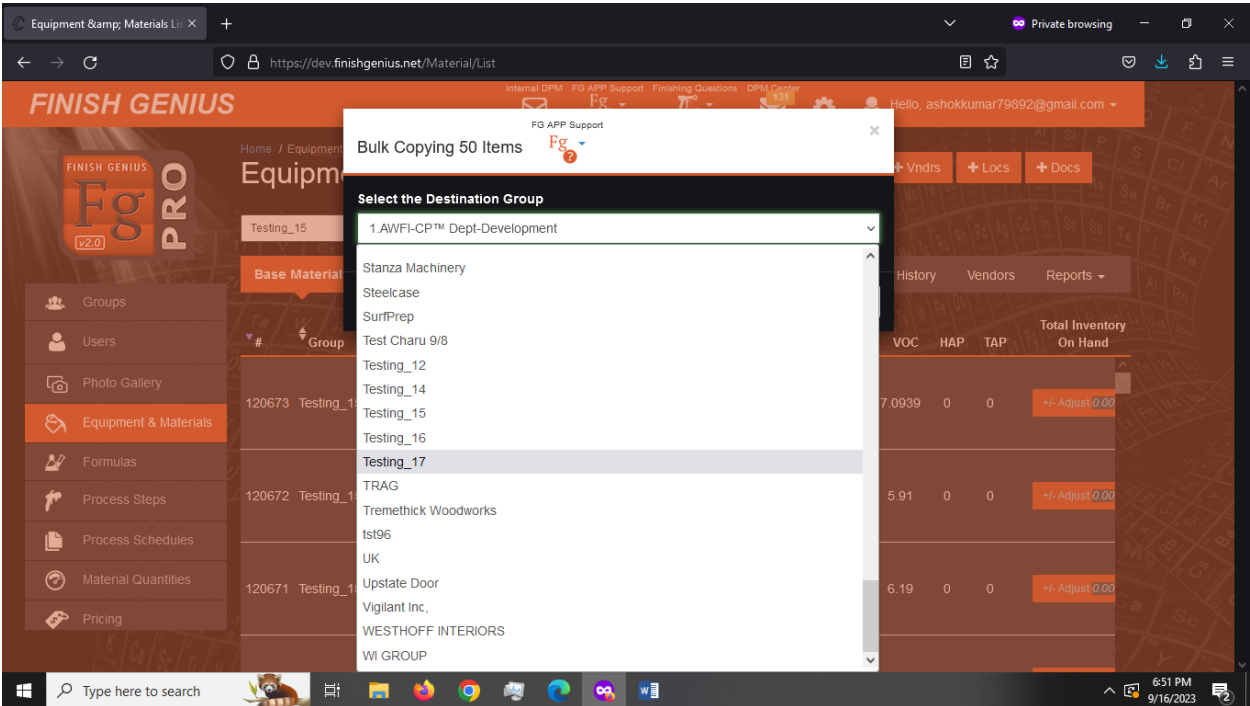

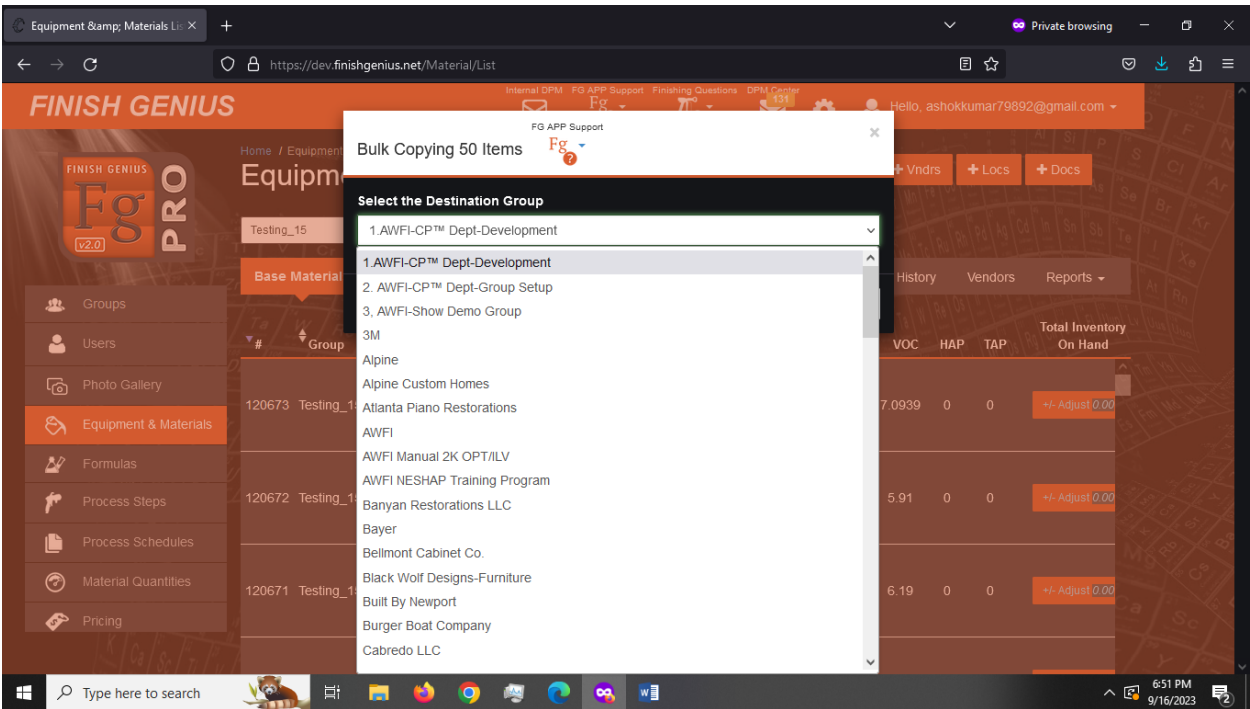

Step-1: Select rows which you want to copy to the new group by clicking on each row, here we are selecting all the rows by clicking on each row

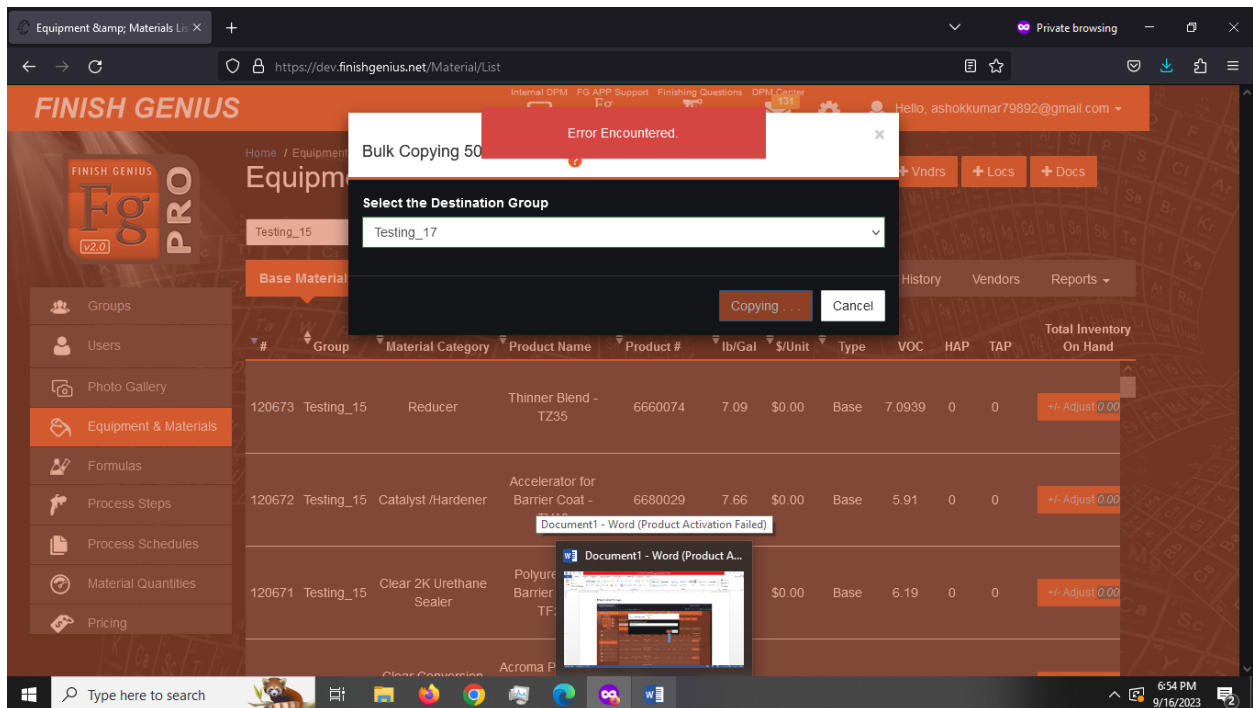

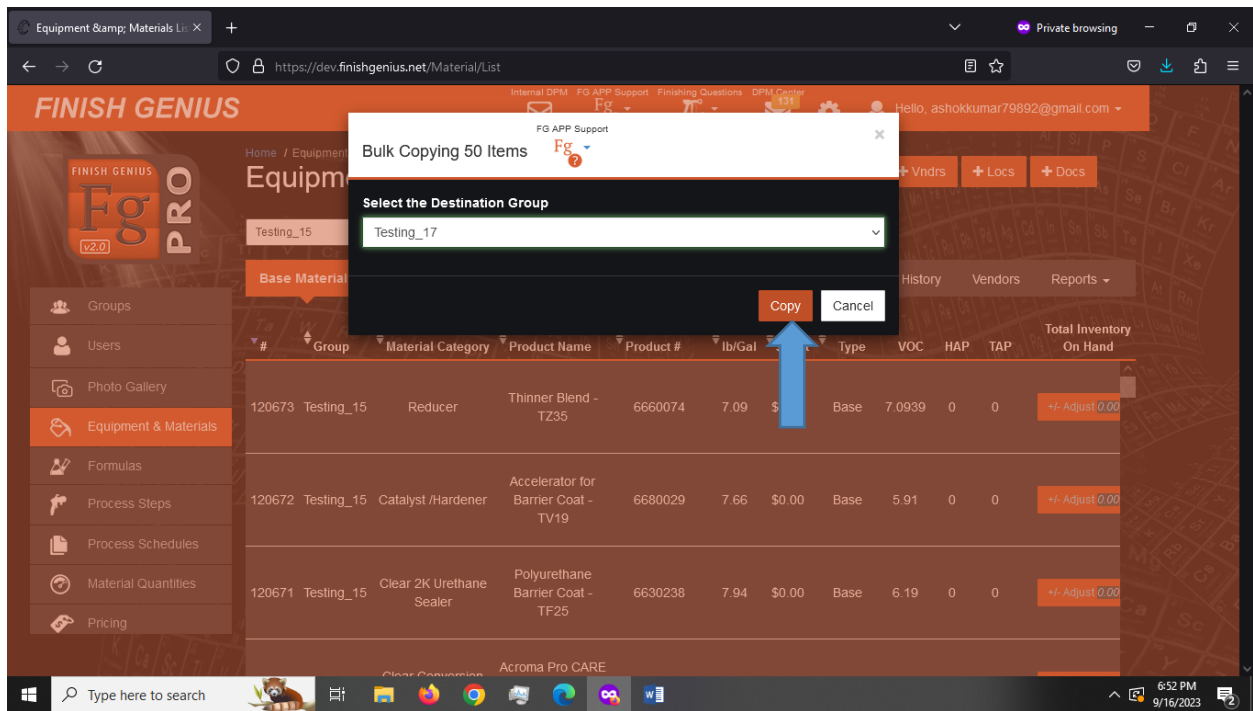

Step 2: click on the **Blk Copy** Button

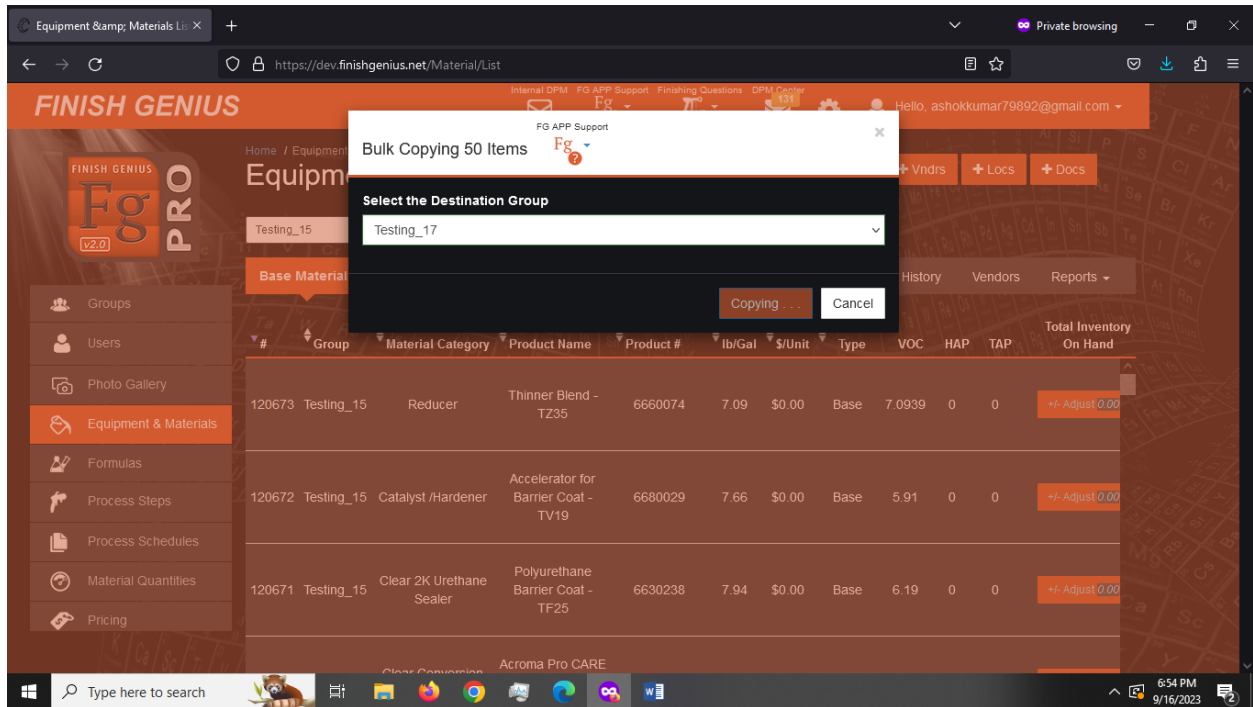

Step 3: Select the group from the scrolling list to which you would like to copy the list

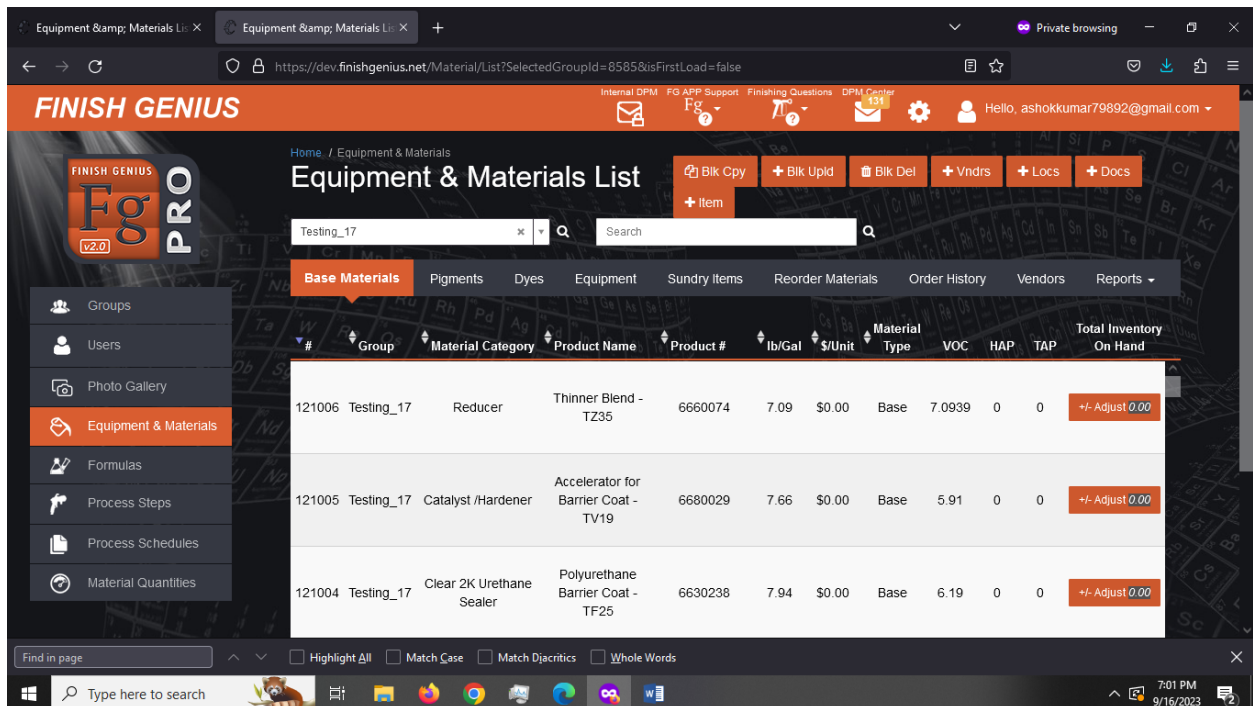

#### Step 4: Click on copy

All the items i.e. rows of Base Material copied successfully to Testing\_17 group rows of Base Material

3.2 Similarly we will be Bulk Copying all the rows of Pigments from Group Testing\_15 to Tetsting\_17

### 3.3 Similarly we will be Bulk Copying all the rows of Dyes from Group Testing\_15 to Tetsting\_17

The screenshot shows the 'Equipment & Materials List' for the 'Dyes' category. The list contains three items from the 'Testing\_15' group:

| #      | Group      | Material Category  | Product Name               | Product # | Ib/Gal | \$/Unit  | Material Type | VOC    | HAP | TAP | Total Inventory On Hand |
|--------|------------|--------------------|----------------------------|-----------|--------|----------|---------------|--------|-----|-----|-------------------------|
| 120675 | Testing_15 | Ilva PF5           | Ilva Cherry - PF 5T02      | 6630234   | 7.76   | \$103.23 | Dye           | 0.8286 | 0   | 0   | +/- Adjust 0.00         |
| 120604 | Testing_15 | Ilva PF5           | ILVA Wenge - WB18          | 6630224   | 8.1    | \$0.00   | Dye           | 0.8286 | 0   | 0   | +/- Adjust 0.00         |
| 120601 | Testing_15 | Nerosol Dye Series | Yellow/Accessa Nerosol Dye | 2RU       | 71.74  | \$0.00   | Dye           |        |     |     | +/- Adjust 0.00         |

The screenshot shows a modal dialog for bulk copying items. The dialog indicates that 49 items are being copied from Testing\_15 to Testing\_17. The dialog has a title bar 'Bulk Copying 49 Items' and a message 'Error Encountered.' Below the message is a dropdown menu labeled 'Select the Destination Group' with 'Testing\_17' selected. At the bottom of the dialog are 'Copying...' and 'Cancel' buttons.

## Server Error in '/' Application.

*Could not load file or assembly 'EPPlus, Version=6.1.3.0, Culture=neutral, PublicKeyToken=ea159fdaa78159a1' or one of its dependencies. The located assembly's manifest definition does not match the assembly reference. (Exception from HRESULT: 0x80131040)*

**Description:** An unhandled exception occurred during the execution of the current web request. Please review the stack trace for more information about the error and where it originated in the code.

**Exception Details:** System.IO.FileLoadException: Could not load file or assembly 'EPPlus, Version=6.1.3.0, Culture=neutral, PublicKeyToken=ea159fdaa78159a1' or one of its dependencies. The located assembly's manifest definition does not match the assembly reference. (Exception from HRESULT: 0x80131040)

**Source Error:**

An unhandled exception was generated during the execution of the current web request. Information regarding the origin and location of the exception can be identified using the exception stack trace below.

**Assembly Load Trace:** The following information can be helpful to determine why the assembly 'EPPlus, Version=6.1.3.0, Culture=neutral, PublicKeyToken=ea159fdaa78159a1' could not be loaded.

WRN: Assembly binding logging is turned OFF.  
To enable assembly bind failure logging, set the registry value [HKLM\Software\Microsoft\Fusion!EnableLog] (DWORD) to 1.  
Note: There is some performance penalty associated with assembly bind failure logging.  
To turn this feature off, remove the registry value [HKLM\Software\Microsoft\Fusion!EnableLog].

**Stack Trace:**

```
[FileLoadException: Could not load file or assembly 'EPPlus, Version=6.1.3.0, Culture=neutral, PublicKeyToken=ea159fdaa78159a1' or one of its dependencies. ### 5.1 Creating New Vendor

#### Step-1: Click on Vendor Button

The screenshot shows the Finish Genius web application interface with the Vendor Setup modal form open. The modal form contains instructions for creating a new vendor and fields for vendor information. The background shows the Order History page with a table of vendors.

**Vendor Setup**

To edit a vendor select an existing vendor from the dropdown.  
To create a new vendor fill in the following fields.

**Edit Existing Vendor (optional)**

Please Select a Vendor to Edit...

**To create a new vendor, fill the following fields.**

**Group**

Please Select a Group...

**Vendor Name**

**Address**

**City** **State** **Zip**

**Payment Terms** **Account #**

| #   | Vendor Name           | Payment Terms | Account # | Group Name | Contact Name       | Office Phone      | Mobile Phone | Vendor Email             |
|-----|-----------------------|---------------|-----------|------------|--------------------|-------------------|--------------|--------------------------|
| 474 | IC&S                  | New           | N/A       | Testing_15 | Nelson Baker       | 18002204035       |              | nelson@ics-company.co    |
| 473 | Monnit                | MasterCard    | NA        | Testing_15 | Mark Spears        | 801-561-5555      | 874-1092     | marks@monnit.com         |

## 5.2 Editing Existing Vendor

Step-1 Click on vndrs Button or Edit button in front of Vendor Name

The screenshot shows the 'Equipment & Materials List' page in the Finish Genius application. The top navigation bar includes 'FINISH GENIUS', 'Internal CPM', 'FG APP Support', 'Finishing Questions', 'CPM Center', and a user profile 'Hello, ashokkumar79892@gmail.com'. The left sidebar contains a menu with 'Groups', 'Users', 'Photo Gallery', 'Equipment & Materials', 'Formulas', 'Process Steps', 'Process Schedules', 'Material Quantities', 'Pricing', and 'My Work'. The main content area displays a table of vendors. The 'Vendors' button in the top right is highlighted with a blue arrow. The table has columns for 'Payment Terms', 'Account #', 'Group Name', 'Contact Name', 'Office Phone', 'Mobile Phone', 'Vendor Email', 'Requestor Email', 'Address', 'State', 'City', 'Zip', and 'Actions'. The first row shows 'Net 30', 'Testing\_18', 'TestingUser', '9046799070', 'info1@info.com', 'info2@info.com', '720 Eaton Way, PO USA', 'Delta, BC V3M 6J9, Canada', and an 'Edit' button. A blue arrow points to the 'Edit' button.

| Payment Terms | Account #  | Group Name  | Contact Name | Office Phone | Mobile Phone | Vendor Email   | Requestor Email | Address               | State                     | City | Zip | Actions |
|---------------|------------|-------------|--------------|--------------|--------------|----------------|-----------------|-----------------------|---------------------------|------|-----|---------|
| Net 30        | Testing_18 | TestingUser | 9046799070   |              |              | info1@info.com | info2@info.com  | 720 Eaton Way, PO USA | Delta, BC V3M 6J9, Canada |      |     | Edit    |

The screenshot shows the 'Vendor Setup' modal form. The modal has a title 'Vendor Setup' and a subtitle 'FG APP Support'. It contains instructions: 'To edit a vendor select an existing vendor from the dropdown. To create a new vendor fill in the following fields.' The form is divided into two sections: 'Edit Existing Vendor (optional)' and 'To create a new vendor, fill the following fields.' The 'Edit Existing Vendor' section has a dropdown for 'Please Select a Vendor to Edit...'. The 'To create a new vendor' section has fields for 'Group' (dropdown), 'Vendor Name', 'Address', 'City', 'State', 'Zip', 'Payment Terms', 'Account #', and 'Contact Name'. The 'Vendors' button in the top right is highlighted with a blue arrow.

**Vendor Setup**  
FG APP Support

To edit a vendor select an existing vendor from the dropdown.  
To create a new vendor fill in the following fields.

**Edit Existing Vendor (optional)**  
Please Select a Vendor to Edit...

**To create a new vendor, fill the following fields.**

**Group**  
Please Select a Group...

**Vendor Name**  
[Text Field]

**Address**  
[Text Field]

**City** **State** **Zip**  
[Text Field] [Text Field] [Text Field]

**Payment Terms** **Account #**  
[Text Field] [Text Field]

**Contact Name**  
[Text Field]

Step-2 Select the vendor which you wish to edit from the scrolling list

The screenshot shows the Finish Genius web application interface. A modal titled "Vendor Setup" is open, displaying instructions: "To edit a vendor select an existing vendor from the dropdown. To create a new vendor fill in the following fields." The modal contains a section for "Edit Existing Vendor (optional)" with three dropdown menus: "Please Select a Vendor to Edit..." (showing "HERO"), "Please Select a Vendor to Edit..." (showing "HERO"), and "Please Select a Group..." (showing "Testing\_18"). Below these are input fields for "Vendor Name", "Address", "City", "State", "Zip", "Payment Terms", "Account #", and "Contact Name". The background shows the "Equipment & Materials" section of the application.

Step-3 Edit the info and click on Save button

The screenshot shows the Finish Genius web application interface. A modal titled "To create a new vendor, fill the following fields." is open. The modal contains the following fields: "Group" (Testing\_18), "Vendor Name" (HERO), "Address" (720 Eaton Way,), "City" (Delta, BC V3M 6J9, Canada), "State" (PO USA), "Zip" (empty), "Payment Terms" (Net 30), "Account #" (empty), "Contact Name" (TestingUser2), "Office Phone" (9046799171), "Mobile Phone" (empty), "Vendor Email" (info1@info.com), and "Requestor Email" (info2@info.com). A "Save" button is located at the bottom right of the modal. The background shows the "Equipment & Materials" section of the application.

## 6. Locs Button

The screenshot shows the 'Equipment & Materials List' page in the Finish Genius application. The top navigation bar includes the 'FINISH GENIUS' logo and a user profile. The left sidebar contains a menu with options like 'Groups', 'Users', 'Photo Gallery', 'Equipment & Materials', 'Formulas', 'Process Steps', 'Process Schedules', 'Material Quantities', 'Pricing', and 'My Work'. The main content area displays a table of materials. A blue arrow points to the '+ Locs' button in the top right toolbar.

| Payment Terms | Account # | Group Name | Contact Name | Office Phone | Mobile Phone | Vendor Email   | Requestor Email | Address        | State  | City      | Zip             | Actions              |
|---------------|-----------|------------|--------------|--------------|--------------|----------------|-----------------|----------------|--------|-----------|-----------------|----------------------|
| Net 30        |           | Testing_18 | TestingUser2 | 9046799171   |              | info1@info.com | info2@info.com  | 720 Eaton Way, | PO USA | Delta, BC | V3M 6J9, Canada | <a href="#">Edit</a> |

The screenshot shows the 'Equipment & Materials List' page with a 'Select Material Type' dialog box open. The dialog box has a dropdown menu for 'Base / Pigment / Dye' and a 'LocationNar' button. The background shows the same table of materials as the previous screenshot.

Select Material Type

Base / Pigment / Dye

LocationNar

Cancel

## 7. Docs Button

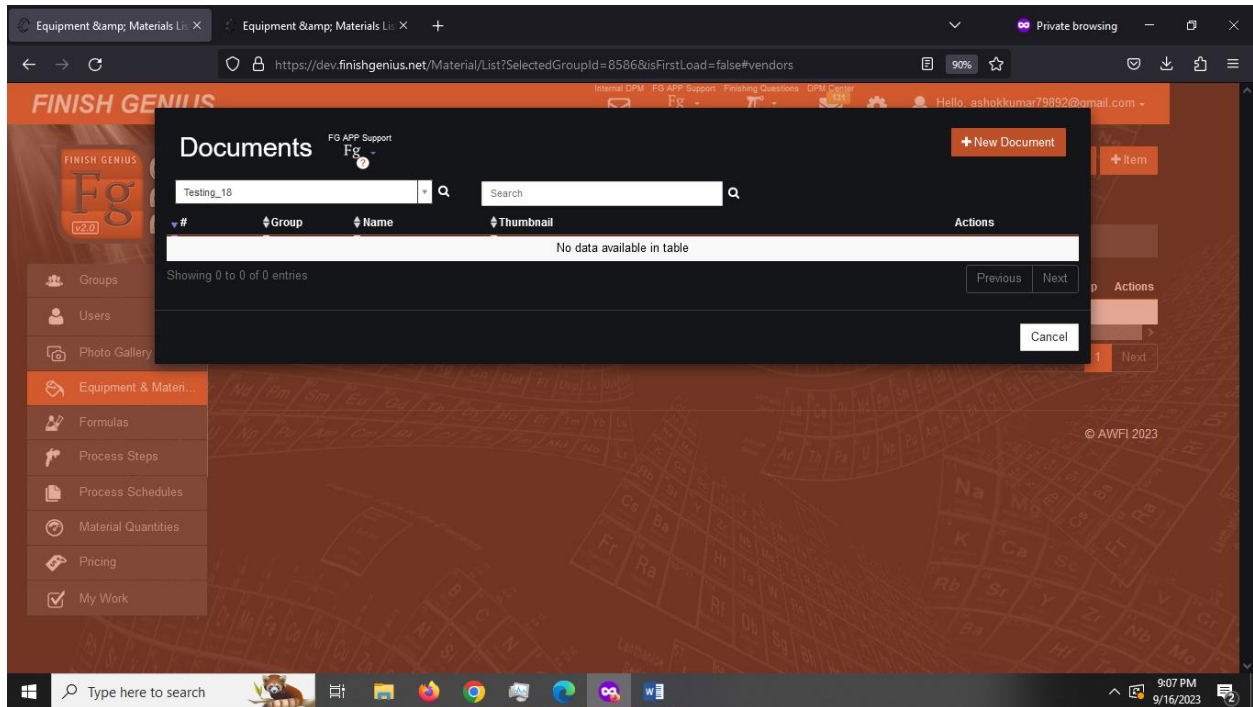

You can upload Reference documents here and later can see the by clicking on same button

**Importance:** You can link document from here to whole application. Its single point to link your document and can be reflected at all the other places

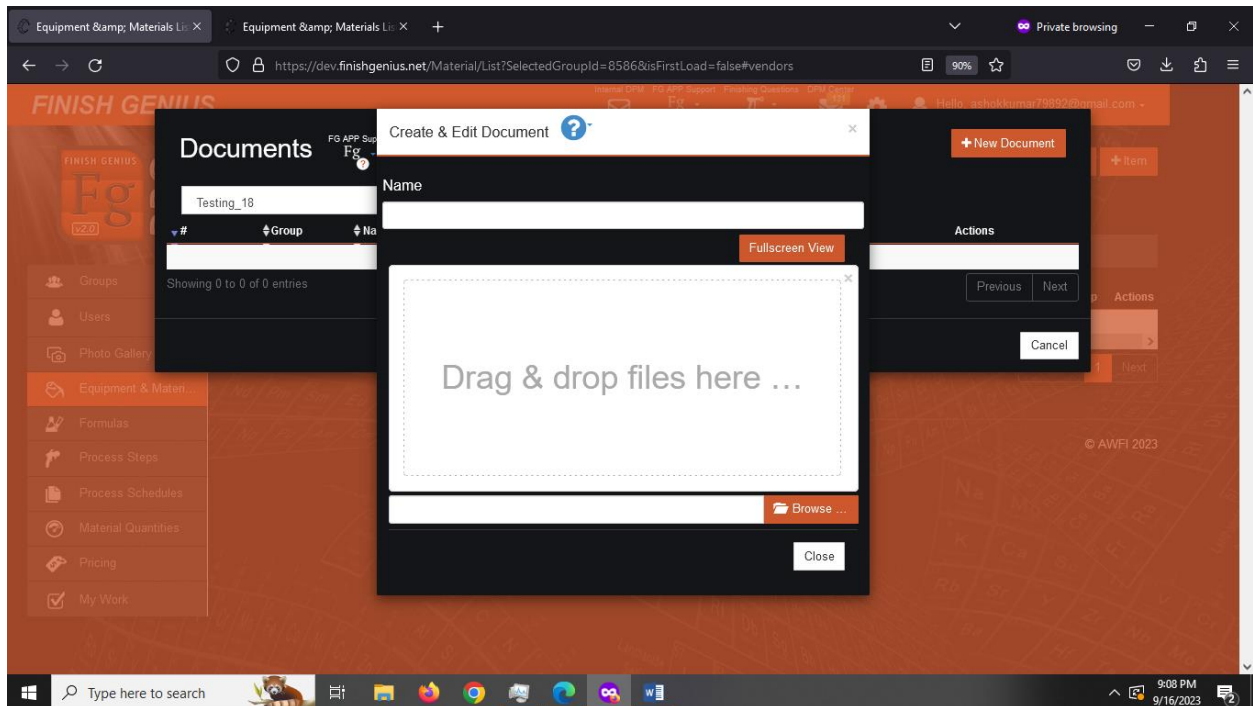

Issue: Full Screen View is not working & some delay when click on link button

The screenshot shows the Finish Genius web application interface. The top navigation bar is orange and contains the 'FINISH GENIUS' logo, user profile information, and a set of action buttons: '+ Blk Cpy', '+ Blk Upd', '+ Blk Del', '+ Vndrs', '+ Locs', '+ Docs', and '+ Item'. A blue arrow points to the '+ Docs' button. Below the navigation bar, the page title is 'Equipment & Materials List'. A search bar is present with the text 'Testing\_18'. A sidebar on the left lists various menu items: Groups, Users, Photo Gallery, Equipment & Materials (highlighted), Formulas, Process Steps, Process Schedules, Material Quantities, Pricing, and My Work. The main content area displays a table with columns: Payment Terms, Account #, Group Name, Contact Name, Office Phone, Mobile Phone, Vendor Email, Requestor Email, Address, State, City, Zip, and Actions. The table contains one entry for 'Testing\_18'. At the bottom, there is a footer with '© AWFI 2023'.

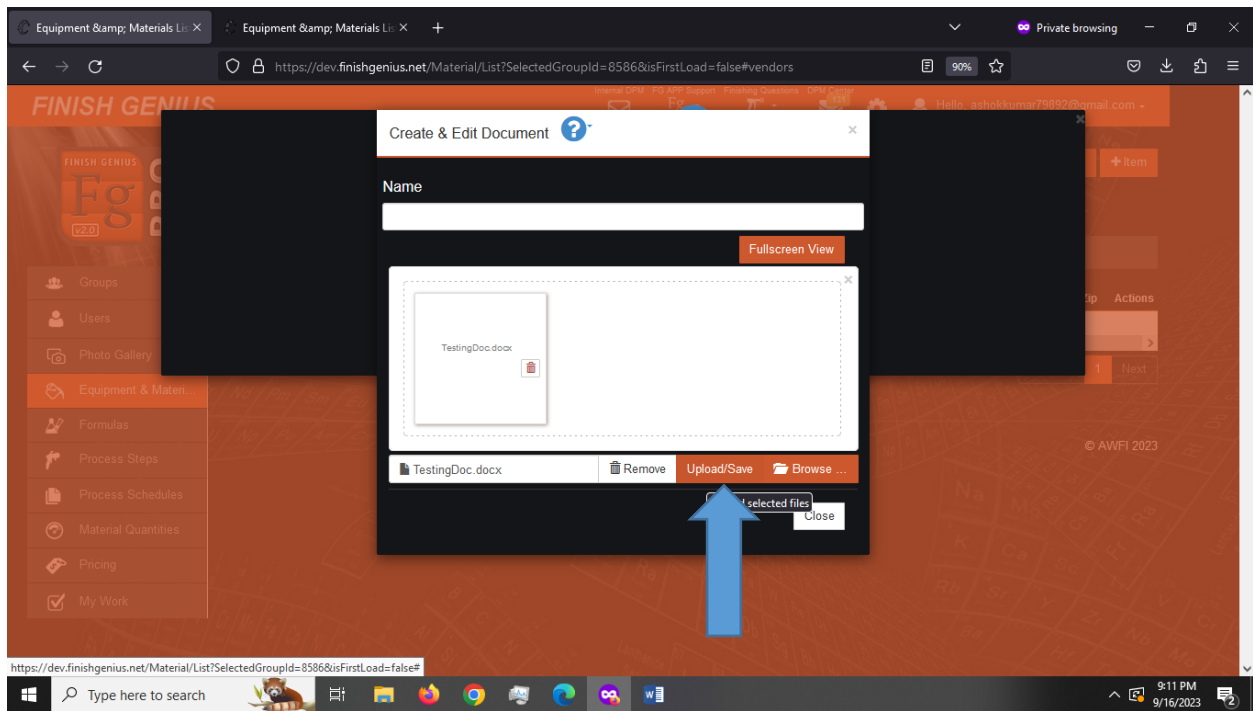

| Payment Terms | Account # | Group Name | Contact Name | Office Phone | Mobile Phone | Vendor Email   | Requestor Email | Address        | State  | City      | Zip             | Actions |
|---------------|-----------|------------|--------------|--------------|--------------|----------------|-----------------|----------------|--------|-----------|-----------------|---------|
| Net 30        |           | Testing_18 | TestingUser2 | 9046799171   |              | info1@info.com | info2@info.com  | 720 Eaton Way. | PO USA | Delta, BC | V3M 6J9, Canada | Edit    |

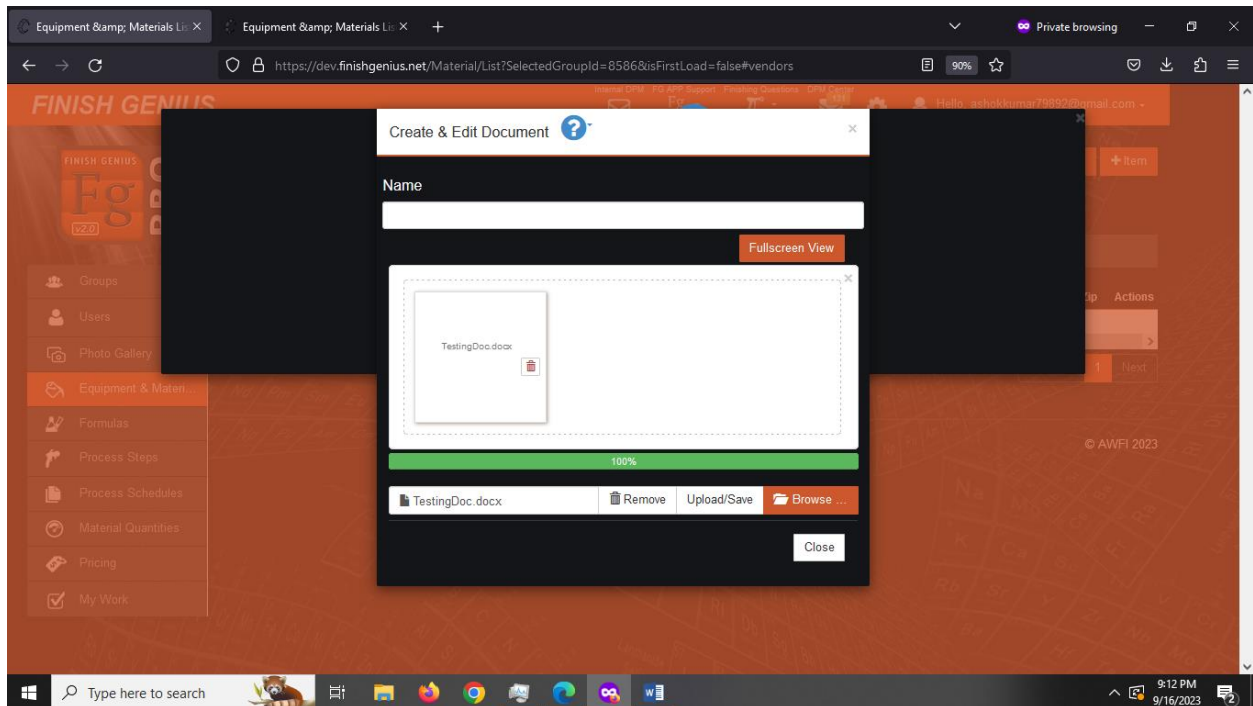

Step-1 Click on New Document and then Browse the document you wish to upload

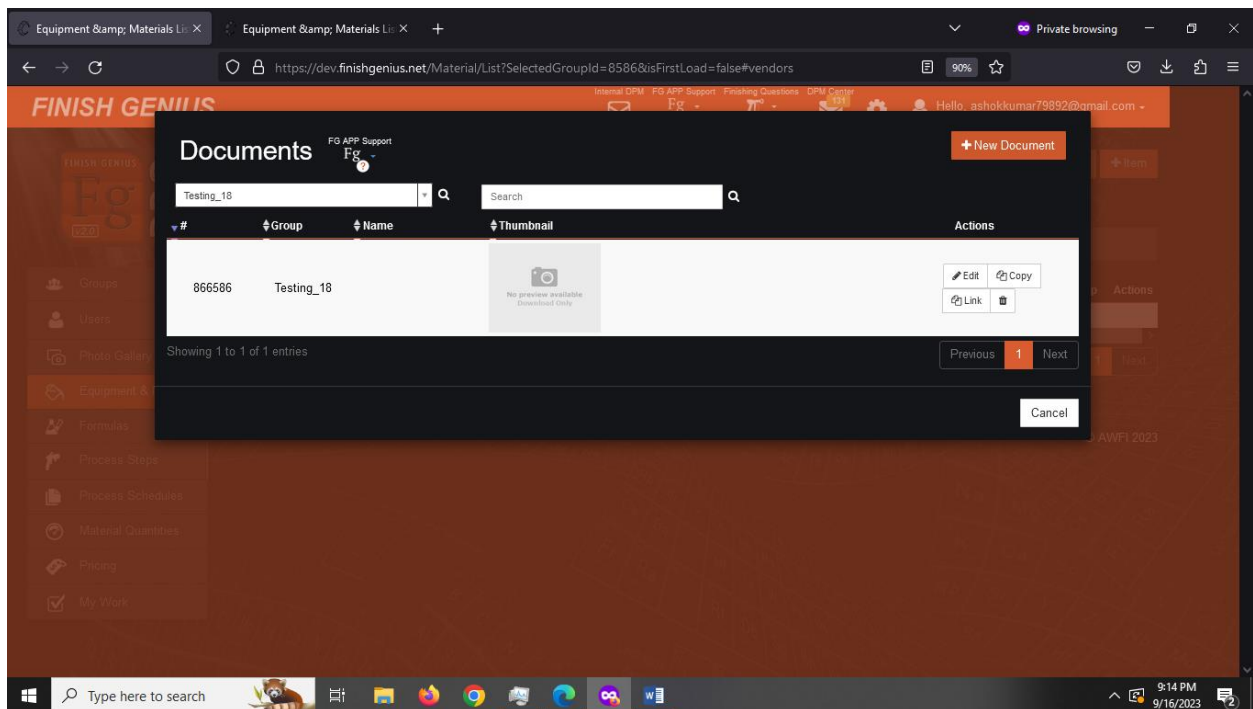

Step 2 click on upload and save button

Document Uploaded successfully

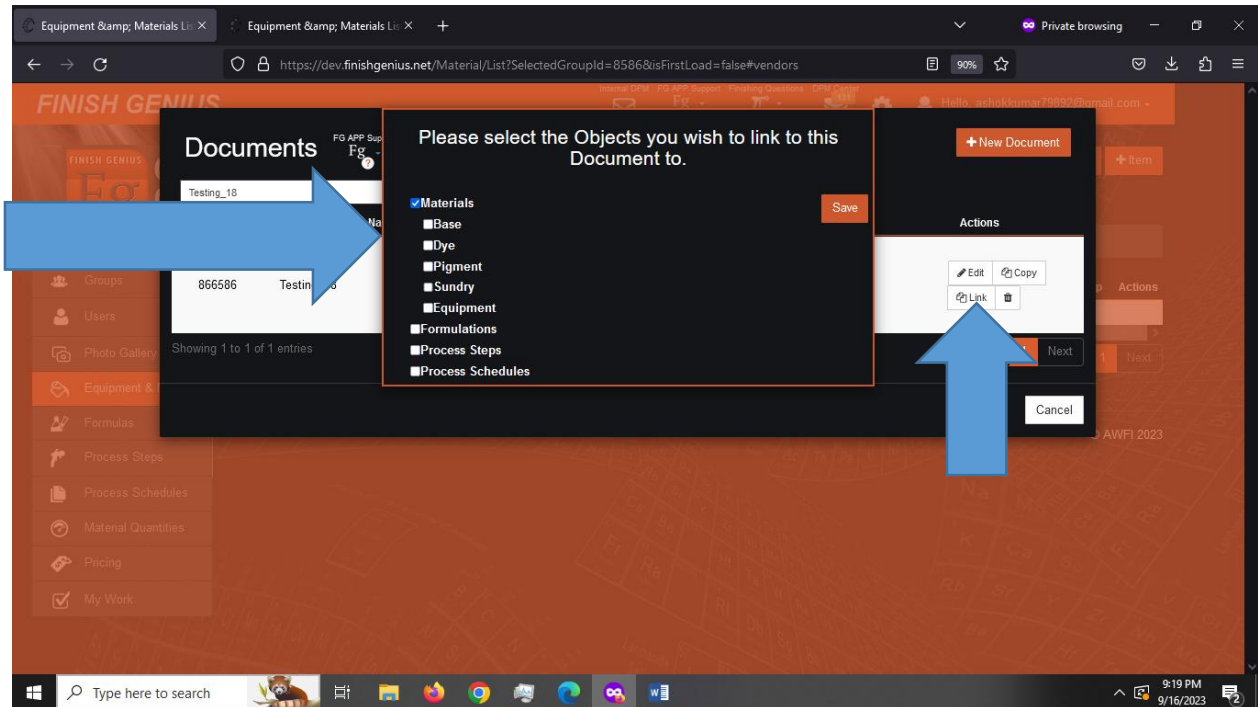

Step 3 Click on Docs Button again and you can see uploaded document here

Step 3.1 click on link button

You can link your document Here and it will be visible wherever this material or formulation of process will be used.

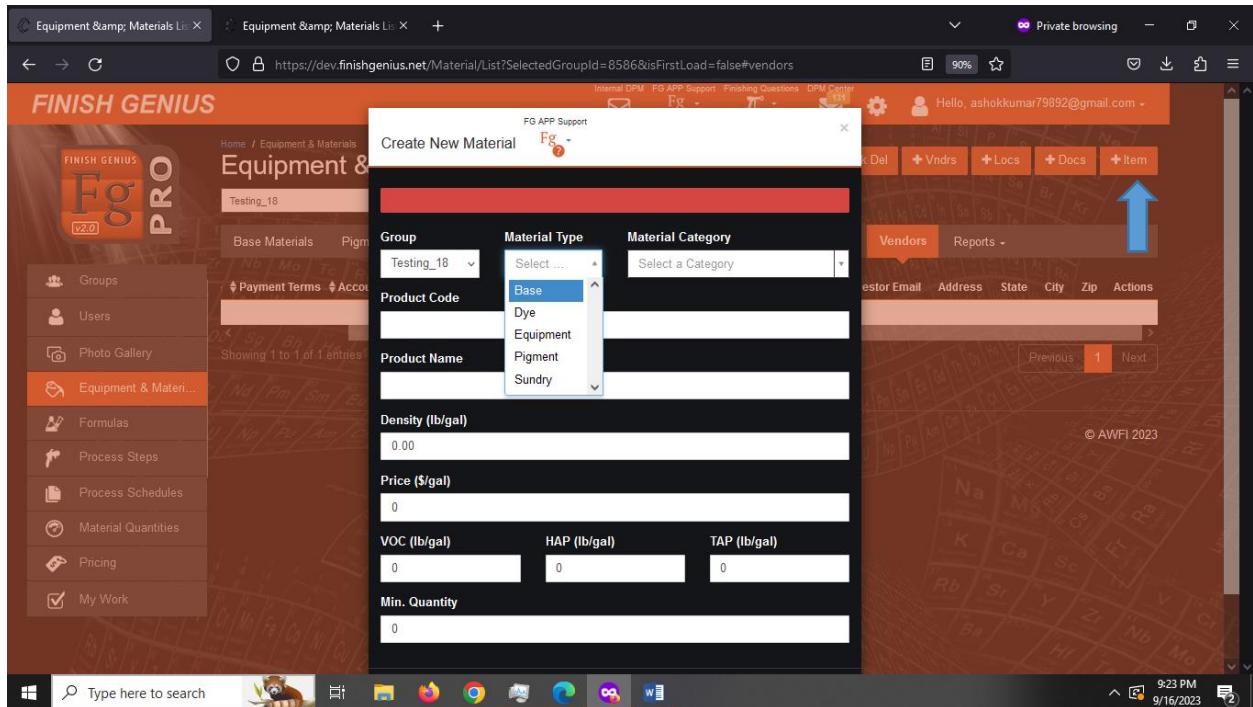

Single Central Point to manage and link important documents

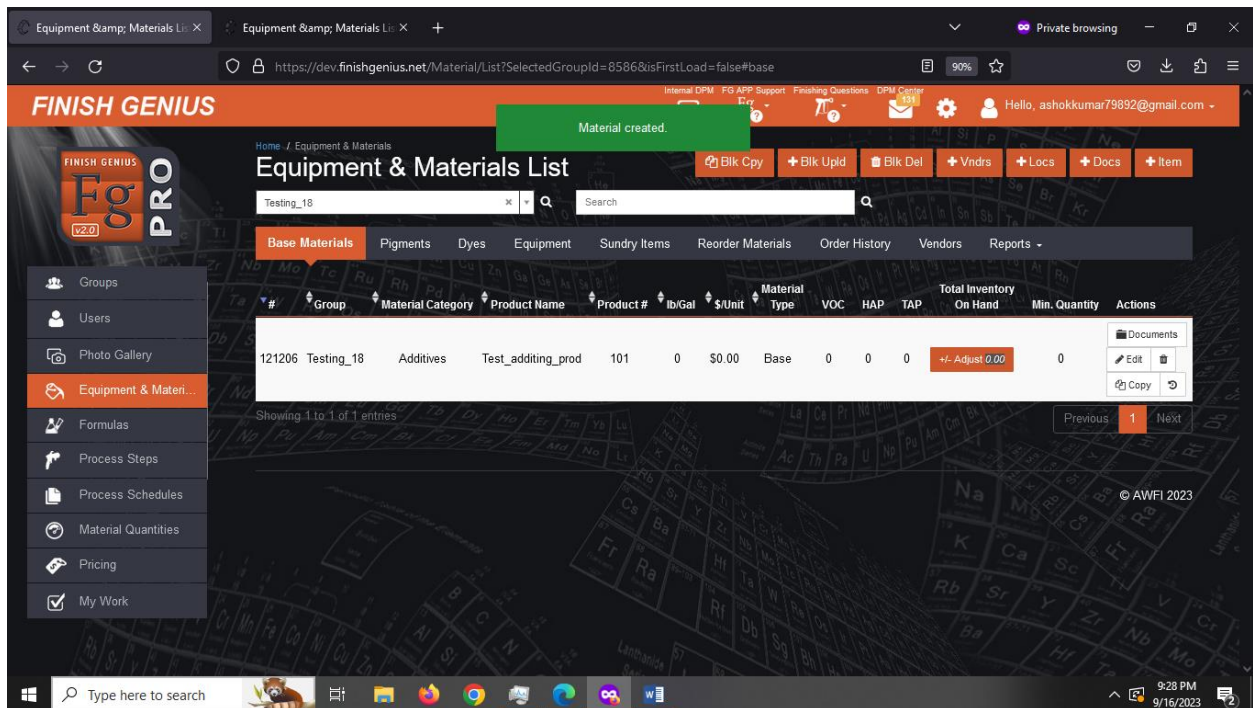

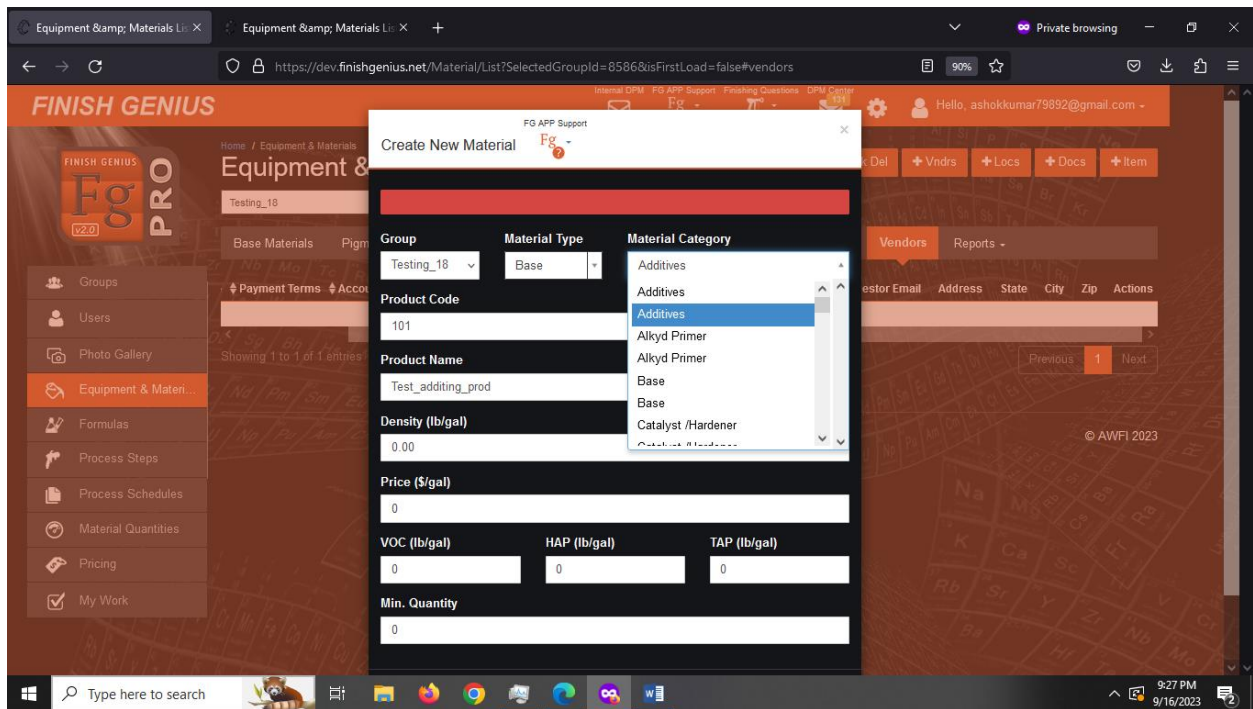

## 8. **Item** button

This Button is the most important and fundamental part of this application.

If we spend time and understand the Basics of this material by some research then it becomes easy to understand the whole application

Similarly, We can add other materials also

## 9. Reordering Material

Select material and click on add to order

The screenshot shows the 'Reorder Materials' page in the Finish Genius Pro application. The page has a sidebar with navigation options: Groups, Users, Photo Gallery, Equipment & Materials (selected), Formulas, Process Steps, Process Schedules, Material Quantities, Pricing, and My Work. The main content area shows a table of materials available for reordering. The table has columns: Product Name, Product #, lb/Gal, \$/Unit, Material Type, Total Inventory On Hand, Min. Quantity, Job to Order Qty, PO Qty, and PO Qty Type. The materials listed are:

| Product Name                         | Product # | lb/Gal | \$/Unit  | Material Type | Total Inventory On Hand | Min. Quantity | Job to Order Qty | PO Qty | PO Qty Type |
|--------------------------------------|-----------|--------|----------|---------------|-------------------------|---------------|------------------|--------|-------------|
| Ilva Cherry - PF 5T02                | 6630234   | 7.76   | \$103.23 | Dye           | +/- Inv. Qty 0.00       | 1000.25       | 0                | 1      | test        |
| Thinner Blend - TZ35                 | 6660074   | 7.09   | \$0.00   | Base          | +/- Inv. Qty 0.00       | 1005          | 0                |        |             |
| Accelerator for Barrier Coat - TV19  | 6680029   | 7.66   | \$0.00   | Base          | +/- Inv. Qty 0.00       | 1000.25       | 0                |        |             |
| Polyurethane Barrier Coat - TF25     | 6630238   | 7.94   | \$0.00   | Base          | +/- Inv. Qty 0.00       | 1006.6        | 0                |        |             |
| Acroma Pro CARE SEALER Precat Sealer | FL5312000 | 7.32   | \$0.00   | Base          | +/- Inv. Qty 0.00       | 0             | 0                |        |             |
| Archimede™ 12 position               |           |        |          |               |                         |               |                  |        |             |

Place Order

# Conclusion

1. Check all the groups which are visible in prod environment also visible in Dev environment

**Status:** All the groups are visible in Dev Environment

2. Checking and Comparing list of

- [Base Materials](#)
- [Pigments](#)
- [Dyes](#)
- [Equipment](#)
- [Sundry Items](#)
- [Reorder Materials](#)
- [Order History](#)
- [Vendors](#)
- [Reports](#)

For 2 Random Clients

1. Custom Products Inc. – All the entries are identical for above mentioned fields

2. J. B. Sash & Door – All the entries are identical for above mentioned fields

3. All other Clients info – Since information for 2 clients is same in dev and prod we are assuming information for all the clients is correct

Approach used – We will be checking first and last row for each category if they are identical we are assuming all entries are correct. Additionally we will be checking some random rows to ensure accuracy.

Suggestions for this approach are welcome.

**Status:** Everything looks good

3. Testing Bulk Copy button

Status: Its working fine for all the materials but we observed Error popup while bulk copying items. Even after error items get copied successfully to other group. So we can ignore this error

4. Bulk Upload Button

**Status** : We are getting error in this button

5. Vendors Button

**Status:** Working fine

#### 6. Locs Button

Status: Not clear about functionality of this button

#### 7. Docs Button

**Status:** working fine

**Note:** We can upload document and link here and it will get reflected in whole application

#### 8. Items button

**Status:** working properly

#### 9. Bulk delete button

**Status:** working properly
